OLIVER ALEX
WEDDING DJ

We will turn your wedding day into a legendary dance party.

This is how we will build a wedding party tailored to you—one people will talk about for a long time:

1. **Pre-meetings** to understand your vibe and plans. Our goal is to **take your stress away** by covering all tasks related to **sound and light.**

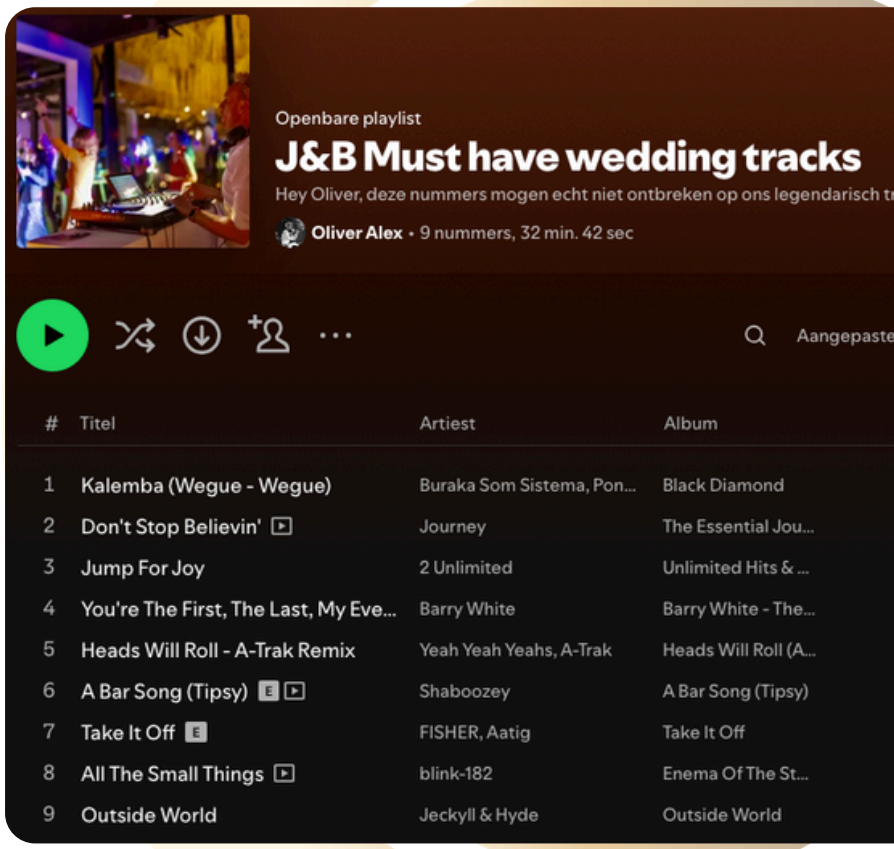

2. Dance music based on **your musical style** and your guests can make **song requests with vinyl records.**

3. Stylish DJ booth, **fantastic light show and top-notch sound quality** will add a **wow-factor** to your wedding party!

...at a fixed package price with no surprises.

Everybody dances

- For a legendary dance party, we want a **packed dancefloor.**
- The focus is on **your music taste**. When you dance, your guests will follow naturally.
- That's why we request **3 Spotify playlists :**
  - **INSPO**-list: 25 - 50 songs you both like.
  - **MUST**-list: 10 songs that I need to play for sure.
  - **NOT**-list: I won't play these songs.

Wedding Day

On your wedding day, I will arrive **well in advance**. Thanks to our thorough preparation, **I will know your wishes and timeline.** So you are fully taken care of and can truly **enjoy your party to the fullest**.

Why choose a professional wedding DJ?

As a **full-time wedding DJ**, I can give your wedding my **full attention**. That starts with thorough **preparation** and results in a **celebration tailored to you**. We go through your wedding **timeline** in detail in advance. From my arrival, I **coordinate closely** with your wedding planner, photographer, and the catering lead.

You choose a professional who goes 100% for the craft in every aspect: **broad music knowledge, quality equipment, and deep technical expertise.** I know every **key moment of a wedding day**. Years of experience let me **handle unexpected situations** without hesitation. I can switch gears when needed and I always bring **reliable backup equipment**.

Legally, everything is covered with a contract, invoice, and general terms & conditions. I hold a DJ licence with Unisono (aka “Sabam”) and I’m insured for damages with Business Public Liability at AG Insurance.
