PROCESS

How it works

01

Getting to know each other

We start with a relaxed, no-obligation conversation online or over coffee to get to know each other and talk about your story, planning and expectations.

02

Booking

When you feel there is a connection, you'll receive a proposal and agreement. Your wedding date is officially reserved after a 30% deposit.

03

Preparation

Before the wedding, we calmly go through everything together: the planning, locations, important moments and your wishes.

The goal is for you to enjoy your day with peace of mind.

04

The wedding day

On your wedding day, I capture the moments as they naturally unfold with discretion, presence and attention to atmosphere, details and emotions.

05

Gallery delivery

After the wedding, I take the time to carefully select and edit your images in my signature style.

You will receive your complete online gallery within 8 to 12 weeks.

FREQUENTLY ASKED QUESTIONS

FAQ

01 *How do we reserve our date?*

Your date is officially reserved after the payment of a 30% deposit and confirmation of the booking. From that moment, your date is exclusively reserved for you.

02 *When do we pay the remaining balance?*

The remaining balance is due no later than the wedding day.

03 *When will we receive our photos?*

After the wedding, I take the time to carefully select and edit your images. You will receive your complete online gallery within 8 to 12 weeks.

04 *How many photos will we receive?*

I don't work with a fixed number of images. Every wedding is different, and every meaningful moment is captured with care. You will receive a complete, carefully curated gallery with the images that tell your story in an honest and elegant way.

05 *Are travel fees included?*

For The Prelude and The Essence, travel is included within 50 km of Grimbergen. For locations further away, an additional travel fee may apply. For The Story and The Signature, travel within Belgium is included. For destination weddings or weddings abroad, travel is always calculated separately.

06 *Can we add extra hours?*

Yes, extra hours can be added if your planning requires it. This can be discussed in advance or on the wedding day itself, depending on how the day unfolds.

07 *Do you work with a second photographer?*

A second photographer can be added if your wedding day requires it, for example for larger weddings or when important moments are happening at the same time in different locations. The final selection and editing are always done by me, to keep the final style consistent.

08 *Are drone images always possible?*

Drone imagery is created by me and can include both photos and short video clips. It depends on the location, weather conditions and legal permissions.

09 *Do you create Instagram content on the wedding day?*

When the timing allows, I can create a few preview images for Instagram on the wedding day. Short story videos or reels are also possible without an additional fee. Nothing is shared without your approval. If you wish, I can also tag you in the post or story.

10 *Can the collections be customised?*

Yes. Every wedding is different. During our conversation, we'll look together at which collection best fits your planning, location and wishes.
